Pacific Sunset Care Homes LLC

Welcome to Pacific Sunset Care Homes. Our mission is to provide you and/or your family members with the highest quality of life. You'll find your new home to be warm, comfortable, clean, and safe.

Pacific Sunset is owned and administered by RNs. Our services include regular RN consultation and assessment..

At Pacific Sunset we strive to customize each residents experience. This includes assessing each individual's likes and dislikes regarding both diet and activity and designing a program around these likes.

Amenities/Activities

Our homes are new and spacious. Each home is custom decorated and remodeled to provide an inviting yet functional living space. Each home has three private rooms and one exceptionally large semi-private master suite. This helps to ensure an enhanced caregiver to resident ratio. All beds are full sized and equipped with Serta Cushion Top mattresses. Additional amenities include: Dual station central air conditioning, laundry facilities, fireplace, cable TV, private and semi-private baths, and accessible entries. Our large gated yards provide for outdoor activities such as cook outs and gardening. Additional activities include: Audio books, current magazines,

puzzles, games, music, and New technologies such as **Video phones** and the **Wii Fit System** help to provide

fun and healthy activities in a safe, comfortable and controlled environment.. There is also a beautiful neighborhood park near by.

This helps us maintain a family atmosphere while at the same time looking to incorporate new technologies in innovative ways.

Safety/Security

Our homes incorporate the latest central security systems which monitor all entries and resident room windows. This is a monitored system that allows us quick access to all emergency services. Our homes are also equipped with integrated smoke alarms and whole house sprinkler systems. Our caregivers carry remote activation devices to enhance access to these services.

We hope you can visit us and see first hand the Pacific Sunset experience.
